

# FILTER EXCHANGE PROGRAM

YOUR SOLUTION FOR CLEAN  
HOOD FILTERS

Your kitchen staff have a lot on their hands! Why not put the dirtiest, least desirable routine job of hood filter cleaning in the hands of trained and certified professionals?

Hood filters provide the first line of fire defense by removing grease from air exiting your kitchen. Filters then become impacted with grease, which is very difficult and time consuming to remove.

Our grease filter exchange program is your simple, inexpensive solution for maintaining clean, code compliant filters.

HOODZ is well-known as the industry leader in commercial kitchen cleaning services. Our professional filter exchange program is guaranteed to save you time, money, and hassle.
